

03

City of Redmond, Downtown Circulation Options

Redmond Way Mainline

Changes from existing

Redmond Way becomes four lanes, two way street. Cleveland street is two way, local access

10

Opportunities

Potential for "Main Street" Environment on Cleveland Street

Flexibility of two-way access on Cleveland Street

Clarity of single through route

Flexibility of all two way configuration

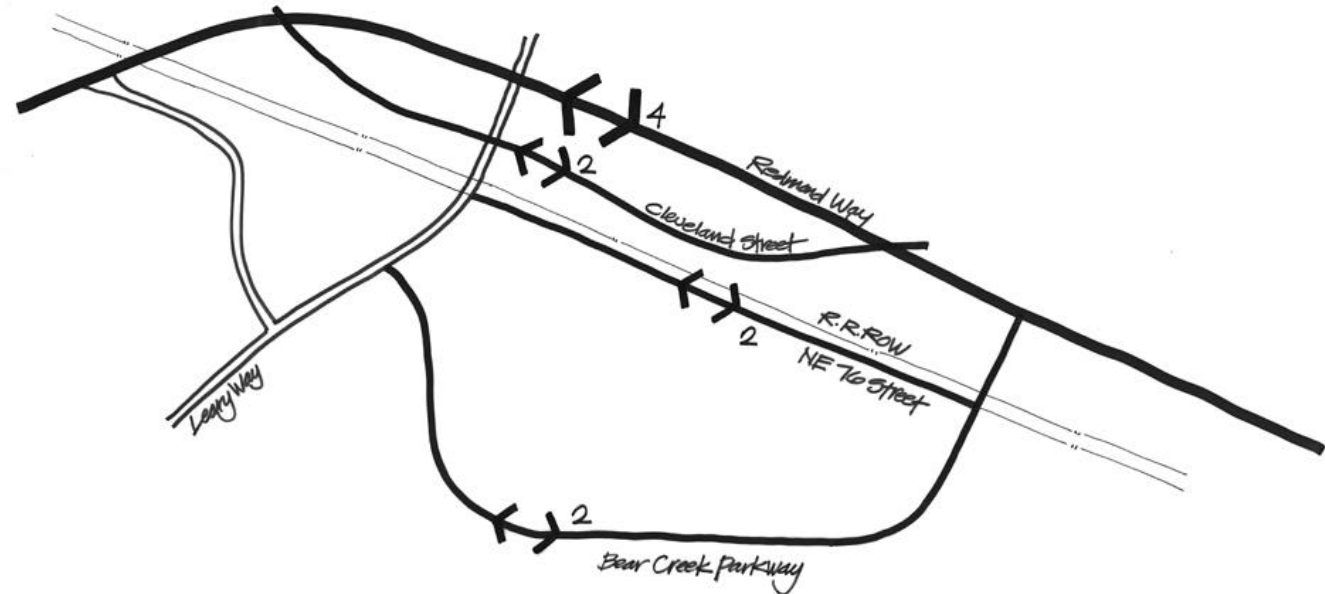

Does not take additional width in BNSF right of way

Challenges

Eliminates Parking on Redmond Way

Barrier between old town and northern downtown

Description: Redmond Way becomes major through route as a two way street.
